

# Laughter

## Josh Rouse

Thinkin' so much my crowded head became sore  
Fell back into the place I was before  
Reasons long enough to not let show  
Follow through this once because I said soI think I got it all figured out  
I think I got it made  
I think I got it all figured out  
I think my plan is safe from laughterFrom laughter, no  
I'll wait  
I'll wait the daySlowly I begin to come around  
Woke up to a soft and subtle sound now  
Someone is speaking one room away  
Just loud enough so I can hear what they're sayin', sayin'I think I got it all figured out  
I think I got it made  
I think I got it all figured out  
I think my plan is safe from laughterFrom laughter, no  
I'll wait  
I'll wait the dayAnd I watch what I say and I  
Watch what I do and I  
Watch what I say and I  
Watch what II think I got it all figured out  
I think I got it made  
I think I got it all figured out  
I think my plan is safe from laughter, from laughterFrom laughter  
From laughter  
From laughter, I'll wait
