

# I'm Lucky

donnalou stevens

I got two strong hands  
And a mind of my own  
Gotta little piece of land  
And a cozy little home  
Enough money to oay my bills  
Gotta little extra too  
I woke up this mornin'  
To a Whipper, Well now  
I got you  
I gotta cat named Loretta  
And a dog named Duke  
I never felt any better  
And I like the way I look  
I gotta head for learnin'  
And a heart that is true  
Gotta soul full a yearnin'  
Now ew, I got you  
\*I just think about  
The things I have  
And not what I ain't got  
I think about  
The things I'll do  
And not the things I'm not  
And when I lay  
My head to rest  
At the end of my day  
I think of reasons  
Why I'm blessed  
This is what I say  
\*Oh I'm lucky, it's true  
I'm lucky through & through  
I'm lucky lucky lucky  
Lucky lucky lucky  
Lucky like you  
I got you  
\*I got trees in my back yard  
So tall they touch the sun  
I got heaven for the stars  
And bells for the fun

I got Georgia oh cheap landscapes  
And oceans full of blue  
I gotta skillet full of pancakes  
And eww, I got you  
\*Oh I'm lucky, it's true  
I'm lucky through & through  
I'm lucky lucky lucky  
Lucky lucky lucky  
Lucky like you  
I got you

I got a big'ol porch to sit on  
I got a garden full of green  
My pick up truck  
Don't quit on me  
I got a dozen pairs of jeans  
I got a wish in my pocket  
I got a dream in my shoe  
Gotta future like a rocket  
And eww, I got you

\*\*I just think about  
The things I have  
And not what I ain't got  
I think about  
The things I'll do  
And not the things I'm not

My head to rest  
At the end of my day
