

Come Nâ€™™ Get It

Aqua

On-on, on the floor, babyHey boy, what you're up for now?
I know why you're here and how
Let's get down, down to the ground
Fight with the beat but baby cut that soundHey boy, what are you looking for?
So long with your drooling jaw
Give it to me, can't you see?
We're kissing in the name of destinyWe're gonna dance until you're ready to fly (On the floor, baby)
My good vibration's gonna get you so high (Ah-ah)I can see what you're thinking babe
I can see what's behind those eyes
The way you touch, the way you look
You are the devil baby, I'm the curseCome and get it, come and get it, come and get it
I know that you want it
Come and get it, come and get it, come and get it
You know that I got it'Cause I know what you're looking for
You will never have to search no more
Come and get it, come and get it, come and get it
I know that you want it(Give it to me babe, give it to me babe)
I know, know - I know that you want it
(Give it to me babe, give it to me babe)
You know, know - you know that I got it (Ah-ah)On-on, on the floor, babyHey girl, tell me why you're here
What's the color of your unknown fear?
The world is yours, it's up to you
It's getting real late baby, come on hereI can see you wanna grab that chance
Getting closer every time we dance
We never close down, the sun comes up
Before we get started baby, you can't stopWe're gonna dance until you're ready to fly (On the floor, baby)
My good vibration's gonna get you so high (Ah-ah)I can see what you're thinking babe
I can see what's behind those eyes
The way you touch, the way you look
You are the devil baby, I'm the curseCome and get it, come and get it, come and get it
I know that you want it
Come and get it, come and get it, come and get it
You know that I got it'Cause I know what you're looking for
You will never have to search no more
Come and get it, come and get it, come and get it
I know that you want it(Give it to me babe, give it to me babe)
I know, know - I know that you want it
(Give it to me babe, give it to me babe)
You know, know - You know that I got it(Give it to me babe, give it to me babe)

I know, know - I know that you want it
(Give it to me babe, give it to me babe)
You know, know - You know that I got it Now let's get started baby, give it to, give it to me
We got it going on so set yourself, set yourself free
Now let's get started baby, give it to, give it to me
We got it going on so set yourself, set yourself free Come and get it, come and get it, come and get it
I know that you want it (Give it to me babe, give it to me babe)
Come and get it
I know that you want it
(Give it to me babe, give it to me babe)
You know, know - I know that you want it (Give it to me babe, give it to me babe)
Come and get it
I know that you want it
(Give it to me babe, give it to me babe)
You know, know - you know that I got it
