Mary Mary

Velvet Revolver

Got a feelin', feelin' in your eyes
Got a fever, fever, fever in your thighs
In your thighs
Mary, Mary, Mary by my side
Got a time and love, the kind you cannot buy
Cannot buy
Black boots, strong legs, got style
My baby knows the walk, you see her come for miles
Come for miles
Wanna find out what you're saying?
Wanna play the games you're playing
Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
A modern lover, a modern kind
But when we close the door, we're never out of time
Out of time
Black hair, red lips, brown eyes
Can't tell you, how it feels that you're mine, oh, mine
Mine, oh, mine
Wanna find out what you're saying?
Wanna play the games you're playing
Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
Baby, baby, baby's on my mind
When we close the door, we're never out of time
Out of time
Wanna play the games you're playing, oh
Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
Get back, sugar baby

Mary, Mary on my mind, oh
Get back, sugar baby
Mary, Mary on my mind, oh
Come on out, now, get on out, now
Come on out, now
Come on out, now, get on out, now
Come on down, now, get on down, now
Get on down, get on down, get on down, get on down
Come on down, now, get on down, now
Come on down, get on down, get on down
Get on down, get on down
