

Wicked Stone (feat. Myles Kennedy)

Slash

Last night in paradise
I can feel it down in my bones
Left the good all behind
Now I die on the vine
Waiting for my redemption song
I am never safe
Just a walking bomb
In a midnight rage
Then I'm gone I'm getting off this wicked stone
'Cause I can't say
And I can't deny
That all I want is lost
No I can't face
Another night on this wicked stone I rolled and tumbled down
And I curse 'till the morning light
From the mountain I fell
To the depths of hell
I was distant and born to find Once a rolling stone
Now a falling star
Was so close to home
Now so far I'm getting off this wicked stone
'Cause I can't say
And I can't deny
That all I want is lost
No I can't face
Another night on this wicked stone Now, you might say I'm good for nothing
And I might say that you are right yeah
Can I crawl away from this ball and chain?
It's got me tethered to a world of pain
I'm digging my own grave this time
On this wicked stone tonight I'm getting off this wicked stone (I'm getting off, this wicked stone)
'Cause I can't stay (cannot stay)
And I cannot deny that all I want (all I want)
All I want is lost (it's gone forever)
No I can't face (cannot face yeah)
Another night on this wicked stone Say yeah!
This wicked stone!
Let me say yeah-yeah-yeah
Hey-yeah-yeah-yeah

Oh-oh
Another night on this wicked stone
Hey-yeah-yeah-yeah
Hey-yeah-yeah-yeah-oh
