

# Come Together

## Five V Men

Help somebody  
Lift up your brother,  
Love your sister  
Gotta save the children,  
We all need each other  
Sometime or another,  
Come together,  
Reach out.

We came from different places,  
Different styles,  
So many colours,  
Still youâ€™re my brothers.  
And even if  
We are far apart,  
Thereâ€™s a bridge called love.  
That can make us one at heart.  
(Reach out)

Help somebody  
Lift up your brother,  
Love your sister  
Gotta save the children,  
We all need each other  
Sometime or another,  
Come together,  
Reach out.

Iâ€™m not an island  
I canâ€™t stand alone,  
I need you, you need me  
A shoulder to lean on.  
Like a sun shines  
On one of us, you know  
A harsh reality,  
But gives life for all humanity.  
(Reach out)

Help somebody  
Lift up your brother,

Love your sister  
Gotta save the children,  
We all need each other  
Sometime or another,  
Come together,  
Reach out.

[Bridge]

How can we love our Father  
In heaven above,  
Then walk pass somebody  
In need of love?  
The day has come,  
The time is now,  
Step out and make a difference,  
Save the future of our children.

[Modulate]

Help somebody  
Lift up your brother,  
Love your sister  
Gotta save the children,  
We all need each other  
Sometime or another,  
Come together,  
Reach out.

[Sing 4xs, ad lib]
