

This Time

JoJo

JoJo

This time

This time, this I made the mistake like before

Givin' you the third degree, takin' you through it

I told you I get what I want

And I ain't tryna hear nothin' else but just you And I had to take a good look

When everything else didn't have a ring to it

I'm sittin' here blamin' myself

When I saw what you were feelin' inside, I misused it This time it's all my fault

This time I can't let go

This time I did it

Really but I got these feelings How am I supposed to know?

Can't let my weakness show

Had my fixed fate caused me to miss

This first chance at real love This time I won't let you get away from me

This time I'm gonna let you take it where it should be

This time I won't say no

'Cause sayin' no is a way to protect me

Baby, this time, this time, this time

I'ma let you want me Every female I know

Can't seem to take her eyes off of you and I see it

It's just that my girls been so hurt

And I'm not tryna be the next one goin' through it I see that I got somethin' real

And I don't wanna lose it, I gotta to say thank you

The thought of you gone, gives me chills

So baby, let's just put this aside and just come here This time it's all my fault

This time I can't let go

This time I did it

Really but I got these feelings How am I supposed to know?

Can't let my weakness show

Had my fixed fate caused me to miss

This first chance at real love This time I won't let you get away from me

This time I'm gonna let you take it where it should be

This time I won't say no

'Cause sayin' no is a way to protect me

Baby, this time, this time, this time

I'ma let you want me Never will I deny you love, no

All this time you stuck here and didn't leave

Now I know what 'Trust me, you will see' was

And I owe you all my heart and deepest apologies
So let's take this back to we got it, man
I just wanna do this with you, boy This time I won't let you get away from me
This time I'm gonna let you take it where it should be
This time I won't say no
'Cause sayin' no is a way to protect me
Baby, this time, this time, this time
I'ma let you want me This time I won't let you get away from me
This time I'm gonna let you take it where it should be
This time I won't say no
'Cause sayin' no is a way to protect me
Baby, this time, this time, this time
I'ma let you want me
