Paralyzed

Joel Plaskett

When the sun went down on me I looked like million bucks
And I rode out of town in the back of a beat up pick up truck
But when I stopped moving
Got stuck in a rut
The wheels they kept spinning
Everything froze and I realized
Everybody gets paralyzed
SometimesWhen the dawn light crept in I looked like shit
And I tried to run but my legs had quit
When you get disheartened
Its a slippery slope
Dont get disillusioned
In this confusion
Dont you be surprised
Everybody feels paralyzed
Sometimes
