

She's My Girl

Hi-Fi

All the guys have gone blind from starin'
My baby, she ain't even carin'
And they're crazy if they think I'm sharin'
'Cause I know what they're after
And nobody else can have her 'cause she's
My girl, a walkin' talkin' angel, baby
My girl, not a minute goes by when she ain't looking pretty
My girl, a 24-7 piece of heaven
God never made another in this world
Quite like my girl
Oh, oh, quite like my girl
Eyes are shining like big blue diamonds
It's a cuckoo love, ain't no denying
When I kiss her lips, I feel like flying
Man, she's something else
And I've got her all to myself 'cause she's
My girl, a walkin' talkin' angel, baby
My girl, not a minute goes by when she ain't looking pretty
My girl, a 24-7 piece of heaven
God never made another in this world
Quite like my girl
The way she moves, the way she grooves
You know she drives me wild with her wild-child smile
Planets align when she's holdin' me tight
Blowing my mind, it's such a ride
I can't get enough
My girl, a walkin' talkin' angel, baby
My girl, not a minute goes by when she ain't looking pretty
My girl, a 24-7 piece of heaven
God never made another in this world
Quite like my girl
Oh oh, quite like my girl
Oh yeah
My girl, a walkin' talkin' angel, baby
My girl
My girl, a walkin' talkin' angel, baby
My girl
My girl, a walkin' talkin' angel, baby
