

Sarsaparilla

The Gandharvas

Strive for power after hours
All the kids have been devoured
We slipped away through all the trash and traffic
To catch a glimpse gazing up at the stars
But all we saw were satellite advertisements
Reading, 'You're ours'
Got consumed by all I consumed
They say nature hates a vacuum
We slipped away through all the trash and traffic
To catch a glimpse gazing up at the stars
But all we saw were satellite advertisements
Reading, 'You're ours'
Drive with the throng, make the old young
Make the weak strong, improve our complexion
We slipped away through all the trash and traffic
To catch a glimpse gazing up at the stars
But all we saw were satellite advertisements
Reading, 'You're ours'
We get faster and louder
We get deeper and farther
With insatiable hunger
Give us all of it, all or nothing
All of it, all or nothing
Sarsaparilla
Sarsaparilla
Sarsaparilla
Sarsaparilla
Sarsaparilla
Sarsaparilla
Sarsaparilla
Sarsaparilla
