

The Last Goodbye

Lara Fabian

We can run away together
If that's what you want
We can hide away forever
If that's what you want
So just close the door
Let nobody else in our head
Close the door
We can lay right here in our bed
'Cos anything else is wasting time
You're all that I've wanted out of my life
Just let me grow old here by your side
Until the end of time till the last goodbye
Let's just live here in the moment
Sharing something real
Let's not spend these hours talking
Just give me something I can feel, baby
Come close to me
Let no ray of light in between
Come close to me
We don't know where I end and you begin

'Cos anything else is wasting time
You're all that I've wanted out of my life
Just let me grow old here by your side
Until the end of time till the last goodbye
Let's shut the world out
See a chance and let's take it
Seize on the moments
And baby, let's make it out
And we'll work it out somehow
How to live in here and now
'Cos anything else is wasting time
You're all that I've wanted out of my life
Just let me grow old here by your side
Until the end of time till the last goodbye
You're all that I've wanted out of my life
Just let me grow old here by your side
Until the end of time, till the end of time
Till the last goodbye
