I'd Kill for Her

The Black Angels

I had a woman, she had me too
She was so dirty, convincing you
She was so loaded
It mesmerized me
I had to follow
Her black horizonNo I will not kill for a love again
No I will not kill for a love againShe had precision, a perfect view
Clear eyed could change us, seducing you
You were so little, the way she moved
The perfect sniper, 100 proof
She took us to the killing field...It's just a heart that's drifting
Is this your love that's driftingThere was a city
That we all knew
She stolve it's freedom
and then she flew
A broken angel
Inside the room
And all the children
Convincing you
No I will not kill for a love again
No I will not kill for a love again
It's just your heart she's beating
Is this your life she's stripping
Is this your love that's drifting
