Let Goodbye Hurt

Suzy Bogguss

It sure looks like this love is winding down
You changed your mind about me and what you thought you'd found
Funny how it works that way, but I just couldn't see
Any sign that you were pulling out on me
I've been in your shoes and I know how it feels
You say you love me, but that don't make it real
I'm better off knowing that you'll be gone for good
Let's just let goodbye hurt like it shouldOne side of love doesn't get you anywhere
There's nothing worse than loving someone who's just not there
I know you searched for something here, can't say you didn't try
But feelings such as these don't just fall out of the skyI've been in your shoes and I know how it feels
You say you love me, but that don't make it real
I'm better off knowing that you'll be gone for good
Let's just let goodbye hurt like it shouldI've been in your shoes and I know how it feels
You say you love me, but that don't make it real
I'm better off knowing now that you'll be gone for good
Let's just let goodbye hurt like it should
Let's just let goodbye hurt like it should
