

Death cloud

Distorted Trust

Do as I say, as I say
(Oohaaaa, oohaaaa)
Drive, drive into the desert
(Oohaaaa, oohaaaa)
You don't know why
You don't know why With his pretty wife
And the garden gnomes
In the park at home
He saw a UFO Maybe it's a death cloud
Maybe it's a death cloud
Maybe it's a death cloud
Maybe it's a death cloud Do as I say, as I say
(Oohaaaa, oohaaaa)
Hide, hide among the statues
(Oohaaaa, oohaaaa)
You don't know why,
Why, why why With his pretty wife
And the garden gnomes
In the park at home
He saw a UFO Maybe it's a death cloud
Maybe it's a death cloud
Maybe it's a death cloud
Maybe it's a death cloud You don't know why
(You don't know why)
You don't know why
(You don't know why)
You don't know why
(You don't know why)
You don't know why
(You don't know why) You don't know why
You don't know why And I know why
And I know why
Oh it's a pattern, baby
It's a pattern, baby And I know why
And I know why
Oh it's a pattern, baby
It's a pattern, baby
