

# Think I'll Go Inside

Joshua Radin

When I am weary and tired  
When I am far from home  
Think of you in the rain and I kiss you  
I can't build you a castle  
I can't buy you a ring  
I can't see you tonight  
So I miss you

Now it's raining, think I'll go inside  
Somebody stole my suitcase  
Filled with pictures of you  
So I forget what your face looked like  
When we were just twenty  
And it's raining  
I think I'll go inside

And I felt this way before  
Of walking out your front door  
I am a sea without a shore  
And its raining  
It's really raining  
I think I'll go inside

When I miss the sunshine  
All I got are clouds  
It's your bed I see near the fire  
Maybe if you've got room, I can come and see you  
Make your favorite tea  
And when we tire  
Listen to the rain fall  
I think I'll go inside

Somebody stole my suitcase  
Filled with pictures of you  
So I forget what your face looked like  
When we were just twenty  
And it's raining  
I think I'll go inside

I felt this way before

Of walking out your front door  
I am a sea without a shore  
And it's raining  
It's really raining  
I think I'll go inside

Ya, it's raining  
Baby, it's raining  
I think I'll go inside
