Electric Boogie

KIL RIPKIN

It's electric!
You can't see it
(It's electric!)
You gotta feel it
(It's electric!)
Ooh, it's shakin'
(It's electric!)
Jiggle-a-mesa-cara
She's a pumpin' like a matic
She's a movin' like electric
She sure got the boogie

You gotta know it
(It's electric
Boogie woogie, woogie!)
Now you can't hold it
(It's electric
Boogie woogie, woogie!)
But you know it there,
Yeah here there everywhere

I've got to move,
I'm going on a party ride
I've got to groove, groove, groove,
And from this music
I just can't hide.

Are you comin' with me?
Come let me take you on a party ride
And I'll teach you, teach you, teach you
I'll teach you the electric slide

Some say it's mystic
(It's electric
Boogie woogie, woogie)
You can't resist it
(It's electric
Boogie woogie, woogie)
You can'why do without it
(It's electric

Boogie woogie, woogie)
Jiggle-a-mesa-cara she's a pumpin' like a matic
She's movin' like electric
She sure got the boogie

Don't want to lose it
(It's electric
Boogie woogie, woogie)
But you can't choose it
(It's electric
Boogie woogie, woogie)
But you know it's there,
Yeah here there everywhere

I've got to move,
Come let me take you on a party ride
And I'll teach you, teach you, teach you
I'll teach you the electric slide

Some say it's mystic
(It's electric
Boogie woogie, woogie)
You can't resist it
(It's electric
Boogie woogie, woogie)
You can'why do without it
(It's electric
Boogie woogie, woogie)
Jiggle-a-mesa-cara she's a pumpin' like a matic
She's movin' like electric
She sure got the boogie

Don't want to lose it
(It's electric
Boogie woogie, woogie)
But you can't choose it
(It's electric
Boogie woogie, woogie)
But you know it's there,
Yeah here there everywhere
