Washing The World Away

Crossfade

When will this all be over
How come this never ends
This room keeps closing in on meThis pain could all be over
If I just blinked an eye
Keep holding on to some star
That stops me from
Washing the world awayHey-yeah hey-yeah
Washing the world away
Hey-yeah hey-yeah
Washing the world awayWhy can't I get through today
Feeling blind there's only me to blame
But still I find, I tried to hide
Maybe in time, I'll find my wayI feel that no one understands me
Feel so alone
Does anyone feel the way I do
(I just wanna take all this love)This pain could all be over
If I just blinked an eye
Keep holding on to some star
That stops me from
Washing the world awayHey-yeah hey-yeah
Washing the world away
Hey-yeah hey-yeah
Washing the world awaySo how can I get through today
Feeling blind there's only me to blame
But still I find, I tried to hide
Maybe in time, I'll find my wayI don't think il make it through today
Feeling blind there's only me to blame
But still I find, Tried to hide
Maybe this time, Ill find my way
