

Stay

Goldfinger

And if I'm sorry
Does that mean I have to change?
'Cause change does scare me
I'd like to know how I would feel
And if you'll have me
Well, I won't leave or make you hurt
Because I need you
And I hope You'll let me stay
Hey hey
Let me stay
So let me stay
Hey hey
Let me stay So when I see you
Please understand the way I think
Your smile, it heals me
I never want to go away
Believe I love you
No matter how selfish I get
I know you'll help me
The way I feel I won't forget
Hey hey Let me stay
So let me stay
Hey hey
Let me stay I feel so cold sometimes
I turn my faith to fear
I feel so lost sometimes
Can you find it?
Can you find it? And if I'm sorry
Well, does that mean I have to change?
'Cause change does scare me
I'd like to know how I would feel
And if you'll have me
I won't leave or make you hurt
Because I need you
And I hope You let me stay
Yea hey
Let me stay
So let me stay
Yea hey

Let me staySo let me stay
Hey hey
Let me stay
Let me stay
Hey hey
Let me stay
Yea ee yea
