One More

Superchic[k]

It feels like I have lost this fight
They think that I am staying down
But I'm not giving up tonight
Tonight the wall is coming down
I am stronger than my fears
This is the mountain that I climb
Got 100 steps to go
Tonight I'll make it 99One more
Go one more
Yeah, yeah
Don't stop now
Go one more
Yeah, yeah
One moreGo one more
Go one more
Yeah, yeahI have everything to lose
By not getting up to fight
I might get used to giving up
So I am showing up tonight
I am my own enemy
The battle fought within my mind
If I can overcome step one
I can face the 99
