Lullaby Song

Teodora Enache

Dear little lullaby angel
Can you do a little favour, for me?
Please keep my baby out of danger
Comfort her with a simple melody

And sing Laladidadida
Take her to heaven with this lullaby
And sing Laladidadida
Kiss her good night
And sing Ladidadidadi
Baby goodbye

Watching her dream
Makes me wonder
Tell her 'bout the secrets
She ought to know
Show her the way over yonder
Bring her the colours of the rainbow

And sing Laladidadida
Take her to heaven with this lullaby
And sing Laladidadida
Kiss her good night
And sing Ladidadidadi

Dear little lullaby angel
Dancing on the milky way
Let me know
Will you take care of my baby?
Jupiter is calling
Can I let her go?

And sing Laladidadida
Take her to heaven with this lullaby
And sing Laladidadida
Kiss her good night
And sing Ladidadidadi
