

Love's A Mystery

The Pretenders

Lovers of today unlike lovers of the past
They used to find a way to get a love affair to last
I saw him leaving that's is all I have to see
and seeing is believing then

[Chorus]

Love's a mystery
It's a mystery
It'll rise without a warning
leaving evidence and clues
It can headlines in the morning
Then is history
Love's a mystery
But I'll do it again
I'll do it again

Lovers of today are becoming too diversified
Get the feeling you are onstage, badly unrehearsed
Have the molds done so perfectly
I guess all it proofs

[Chorus]

Love's a mystery
Love's a mystery
It'll rise without a warning
Making evidence or clues
Making headlines in the morning
Then is history
But I'll do it again
I'll do it again

The multiple offender
should learn from his mistakes
I am ready to surrender
That is what it takes
I waited a time
Still in custody
If love needs a crime

[Chorus]

Love's a mystery
But I'll do it again
I'll do it again
It will rise without a warning
Leaving evidence and clues
Headlines in the morning
Then is history
Love's a mystery

Love's a mystery
