

# You Give Me Something (Chezz Edit) - MGH

## Jamiroquai

When I met you, you were so unique  
Had a little thing I'd love to keep  
Every movement carried so much mystique  
I knew right then I'd carry on, to you I knew my heart belonged  
You, you give me something  
Something that nobody else can give  
And my heart, has started thumpin'  
You're the one I truly know I dig Like the sunbeams from a perfect summer's day  
Heaven only seems a step away  
When I'm with you, I just celebrate  
I'm hoping my message gets through  
There's never been someone like you I had nobody, but on you I would lean  
'Cause you got these little things that  
I know I've never seen You now, you give me something  
Something that nobody else has got  
And this love, that I've been wanting  
Oh baby's turning out too fast to stop
