

# Those Days (feat. Na'sha)

Shaggy

Long time she want me change my ways  
Knew as mi a bad from back in the days Those were the days my friend  
We thought they'd never end  
Thought we would last forever and a day  
I took one look in his eyes and fell for all his lies  
So why do I want this man to stay? Yeah, yeah Wokie, wokie, when mi give Angeline  
Mek she curl up, I throw dem and scream  
Fi mi loving mek dem gal dem reveal  
Everything in dem heart that dem feel Good loving when di woman receives  
Sake dem what she wants she can't leave  
Ragga, ragga, mi no pet gal fi real  
Mek dem know mi no romp when we a do it Gal, you're hot and it shows  
From the hair style to di pedicure toes  
Gal, mesmerize from the lyrical flows  
We have the argument to con her out of she clothes She knows that back in the days pon di ends  
Situation used to make the wise girl tense  
That's when she hear 'bout me and her girlfriends  
Mi never romp to switch them up on every weekends Those were the days my friend  
We thought they'd never end  
Thought we would last forever and a day  
I took one look in his eyes and fell for all his lies  
So why do I want this man to stay? Yeah, yeah Tony can't do it like a me, wokie, wokie  
Sheryl can't do it like a me, wokie, wokie  
Brandon can't do it like a me, wokie, wokie

Gal, dem a grudge you and talk 'bout you stush  
Man, I si you walk and all I notish your tush  
You're well, Brazilian up on all walks of your bush, come on You leave a lasting impression in mi mind  
Top shelf material, you dress well divine  
Man, dem all a look for you if you put on di whine  
Tell dem Those were the days my friend  
We thought they'd never end  
Thought we would last forever and a day  
I took one look in his eyes and fell for all of his lies  
So why do I want this man to stay? Yeah, yeah Lovin', lovin', when mi give Angeline  
Mek she curl up, I throw dem and scream  
Fi mi loving mek dem gal dem reveal  
Everything in dem heart that dem feel Good loving when di gal dem receives  
Sake dem want and can't leave
