Why You're Sad

Ezemdi

You called me late last night
You said you couldn't fall asleep
And you needed someone that you could talk too
He's playing games again
He's constantly abusing you
And he's hurting you
And it's killing me girl
That's why I should be your man

So tell me girl why're sad why you're sad
Why you're mad why you're mad
Come on tell me girl
So tell me girl why're sad come on and tell me girl
why you're sad
Why you're mad why you're mad

Crying all night long just won't do you no good
You need to cut all ties
I know it's hard girl trust me you're misunderstood
Even though i can't be there to hug you at nights
Believe me when I say everything will be alright

So tell me girl why're sad why you're mad
Why you're mad why you're mad
Come on tell me girl
So tell me girl why're sad come on and tell me girl
why you're sad
Why you're mad why you're mad

so oh oh oh tell me girl
Oooh tell me girl
Why won't you tell me girl
Oh why you're mad baby
You ain't got to be afraid
If you reach out to me yeah
Tell me tell me
You ain't got to hold back baby
Oh no
You ain't got to hold back tell me tell me
Tell me baby

So tell me oh tell me
Oh oh oh oh oh
You ain't got to be sad tell me why
Oh oh oh
So tell me oh tell me oh oh oh oh
tell me why you're sad
He can't hurt you no more
So tell me Oh tell me oh oh oh oh
Tell me why you're sad
You are not alone I will be by your side
