Try Try Try

Nikki Yanofsky

People come and people go
Don't you think it's best to know
Who you really love?
Who you love, who you love
Questions come and questions go
But don't you think that you should hold on
Who you really love?
Who you love, who you love
Well, you'll try to get what you want
And you will try to get what you want
And you'll try to get what you want
'Til you got what you need, oh
Got myself in to invite
'Cause looking back I could not find
The fella that can be
What I need, what I need, ooh
Tried to lay it on the line
But losing track and killing time
It ain't the way to be, ooh
Way to be, way to be
Well, you will try to want what you have
Well, you will try to want what you have
You'll try to want what you have
'Til you have what you need, oh
Baby, you could be the one
The fella who can give me some more songs
Securing me
Oh, oh, oh, oh
Well, you will try to get what you want
And you will try to get what you want
And you'll try to get what you want
'Til you got what you need, oh
You'll try to want what you have
You'll try to want what you have
You'll try to want what you have
'Til you have what you need, oh
