

Somewhere, Somebody

Aaron Neville

Must be a million girls in this great big city
I know that one of them is just right for me
I've looked uptown, downtown, all around searchin'
I know she's out there waiting for me
Somewhere, somebody, waitin' for me
Somewhere, somebody, searchin', prayin'
Tell me where in the world can this girl be?
You know street lights shine in those passin' faces
I keep tryin' to catch somebody's eye
But all the shoulda been's, the woulda been's
The might'a been's and the coulda been's
Slippin' away and just walk right on by
Somewhere, somebody, lookin', longin'
Somewhere, somebody, waitin' for me
Somewhere, somebody, searchin', prayin'
Tell me where in the world can this girl be?
I walk in the rain that's fallin'
Some voice in the distance callin', why?
I run to the empty doorway waitin' for the sun to shine
When will love be mine?
Somewhere, somebody, searchin', prayin'
Tell me where in the world?
Ahh somewhere, somebody, searchin', prayin'
Tell me where in the world
Must be a million girls in this great big city
I know you're out there waiting for me
