

One More Joog

Twista

One more joog, one more
Joog (one mo')
Nigga, I'm turnin, turn up!
One more joog (guap)
Ay (money)
Drank, turn up!
One more joog (count what?)
One mo', one mo' drank, drank (this ain't for the rappers)
Nigga, drank (this for the ones that be joogin, Twista)One more joog
My niggas be trappin', straight out the land though (joog)
Red bandanna, lookin' like Rambo (joog)
Used to be walkin', now I'm in Lambos (joog)
Still pullin' joog after joog, light yo' black out like a candle (joog)
All I need is one mo' (one mo') all I need is one mo'
E'rybody lay down (lay down) what you think that I come fo'? (come fo')
Joogin, ridin' 'round just lookin (one mo' joog, gimme one mo' joog!)
I'm joogin', ridin' 'round just lookin' (one mo' joog, gimme one mo' joog!)
One mo' joogTwista, I'm a winner
Joogin' in a city full of motherfuckin' killers
Fuckin' with them niggas on the corner servin' pillars
and they get it every morning from the summer to the winter
With a pocket full of figures and I got the hood of niggas
and a banana clip for the gorillas
Throw up a middle finger for whoever don't feel us
Matter fact, if we have to we'd be comin' after your dinner
I'mma drop a joog on you niggas right now
What you spendin 35 hundred for a pound?
I'mma take it 35 hundred joog 35 times
Make it 35 muh'fuckin pounds
C-c-city full of niggas that be misunderstood
And I might come and stick you up if you got the goods
Come in here talkin' that shit, I wish a nigga would
You wanna know what they on when you in the hoodOne more joog
My niggas be trappin', straight out the land though (joog)
Red bandanna, lookin' like Rambo (joog)
Used to be walkin', now I'm in Lambos (joog)
Still pullin' joog after joog, light yo' black out like a candle (joog)
All I need is one mo' (one mo') all I need is one mo'
E'rybody lay down (lay down) what you think that I come fo'? (come fo')

Joogin, ridin' 'round just lookin (one mo' joog, gimme one mo' joog!)
I'm joogin', ridin' 'round just lookin' (one mo' joog, gimme one mo' joog!)
One mo' joogI could joog your tax
I'll make a quick hundred racks with that wire (one mo')
Then flip it and bring it back
And make a few hundred stacks with that fire (one mo')
Put the K roll in the Ac'
I roll one and sit back because I'm waitin' on a hundred units
And if I don't come up off of that
I'm servin' the dummy pack and face the drama when I run into it (joog)
Ain't nothin' like us
Gotta send a shout to the lifers
Roll in the Camaro with the car crackers
In the club poppin' bottles with the swipers (one mo', one mo' drank)
Shoutout to my plug
Let's get it, shoutout to my shooters
My shooters got shooters
My hitters got hitters and they got bazookas onOne more joog
My niggas be trappin', straight out the land though (joog)
Red bandanna, lookin' like Rambo (joog)
Used to be walkin', now I'm in Lambos (joog)
Still pullin' joog after joog, light yo' black out like a candle (joog)
All I need is one mo' (one mo') all I need is one mo'
E'rybody lay down (lay down) what you think that I come fo'? (come fo')
Joogin, ridin' 'round just lookin (one mo' joog, gimme one mo' joog!)
I'm joogin', ridin' 'round just lookin' (one mo' joog, gimme one mo' joog!)
One mo' joog
