

Trip Lee - Gentleness

B3AR FRUIT

Look, I'm not very well known but I'm very much needed....
Barely touched, plus, unfairly snubbed, peep it.....
I'm rarely loved cuz when folks hear me they don't heed it....
So here's my resume before you tell me just to beat it.....
Been around for ages..... been around those sages.....
Been around the greatest.....you might of heard of Jesus
he who died and was raised.....
He worked me like a slave....that labored in everyday....

But hey brushed me off because they think I'm for the suckers.....
Save for my sister peace they overlook her they ain't no lover...
They way they hate me shows up in the way they're treating others....
They don't know love either homie that's my big brother....

So logically they random
harsh and they kinda
hearts cold.....hearts bold start with the vine entwined to the divine bruh.....
With one of the fruits divine you can find us... with the holy spirit who empowers shine through the find bruh....

(Chorus) 2X

Somebody got to put me to work now.....
I dont' see me enough when I look at his church now.....
Pride to the side robbery should be burnt down....
Yup you got to look to the lord and his work now....

And I tell them I'm that soft.....
I tell them I'm that weak.....
Some fellas think I'm frost I tell them that's not me....
Some Christians their so holy so really their not meek.....
Since their looking for strength then maybe they might see...

So let them go and just backtrack and get their facts back....
Hearts get exposed yo that pressure is a black light....

Same for their marriages I hope that they enlist me.....
Cuz from the look of things man they see me like they miss me.....
Cuz while I'm at work robbery is really busy.....
And I've been working hard yo you can go and check the history.....
Hit me I promise that I've been on my grisy...

Though your pride is low they leave them feeling dizzy.....
They say the holy spirit is a beast and he's in me.....
B3ar fruit.....

(Chorus) 2X

Somebody got to put me to work now.....
I dont' see me enough when I look at his church now.....
Pride to the side robbery should be burnt down....
Yup you got to look to the lord and his work now....

Look I know that's a lie.....
probably more than what you guys thought.....
My salary is high but I come at a high cost....
Well my work experience call on my divine boss...
My work was displayed beautifully at that divine cross....
If that news moves you homie it would behoove you...
Stop hitting the snooze wake and do something new dude....
One of the fruits gentleness is working through you.....
Just put me to work I can't wait to see the new you....

B3ar Fruit..
