Damnation Angels

W.A.S.P.

Oh, deliver me to the bed I was born
I'm a sinner in flames
Oh, when I was schooled by Lucifer's horn
And bad religion all along the wayOh, damnation angels, yes, I'm going
Down with the angels, into the fire
Damnation angels, yes, I'm going
Down with the angels, into the flames I'm bound
Ooh, I'm on the road to hell you see
The road to terror dome is calling meCome play with me I won't do you no harm
No, I ain't no saint
If I do the time, then I'll do the crime
I'll be raising hell in flamesOh, damnation angels, yes, I'm going
Down with the angels, into the fire
Damnation angels, yes, I'm going
Down with the angels, into the flames I'm bound
Ooh, I'm on the road to hell, you see
The road to terror dome is calling meOh, if there's a hell then I'll buy a round
'Cause I'm going anyway, no don't let
Five minutes with the devil fool you
Oh yeah, you got some hell to payOh, damnation angels, yes, I'm going
Down with the angels, into the fire
Damnation angels, yes, I'm going
Down with the angels, into the flames I'm boundDamnation angels, yes, I'm going
Down with the angels, into the fire
Damnation angels, yes, I'm going
Down with the angels, into the flames I'm boundYou know it's a bitch, when u go to take a piss
And your dick smells like bad pussy
But you ain't had none lately
Ooh, ammonia balls have I
