

Don't Trust 'Em

Hopsin

Hey yo, pass me a Kleenex before I lay this shit down
I can't believe this shit man
I tried to be a lover boy, little bitch broke my heart
Words of wisdom
Don't trust 'em
Don't you ever ever trust a hoe
Don't trust 'em
Don't trust 'em
Don't you ever, ever, ever, ever, trust a hoe
'Cause ooh ooh ooh they be lyin'
They'll slip behind in your service
Ooh ooh ooh they be lyin'
What have I done to deserve this?
What happened to 'be honest with me and I'll be honest with you'
Your whole past Ms. Innocent I thought was the truth
Bitch had me felling ill on my knees barfing my food
I'm no longer the same nigga now; I'm heartless and rude
My homies said never trust a hoe, but I casually ignored it
till I got caught up in it, now I see the reason for it
but I had to be retarded, go and release my heart
I always thought that I'll bring the drama, never knew that she was sparkin'
That's just the way to learn, I go the tables turned
To get to my cold state of mind I had to make it burn
For pussy, one night stands is my only source
Fuck that love shit little bitch, I'm feelin' no remorse
Why should I? You had me acting like a fool
Trapped inside your loop because you're afraid to sacrifice the truth?
Come on, how many niggas you really fuck with?
How many time you really suck dick? Quit lyin' to me you dumb trick.
Man don't trust em don't you ever ever trust a hoe don't trust em
Don't you ever ever ever ever trust a hoe
'cause ooh ooh ooh they be lyin'
They'll slip behind in your service
Ooh ooh ooh the be lyin'
What have I done to deserve this?
I'll never find love, screw it, fuck it, been through enough shit
There's nothin' you bitched can do to go renew your justice
I'm too disgusted and I'm tired of being played with
You should have thought about all this pride in the occasion you fucked around

Thought for a while you were amazing till I got the pieces
 and pilled up the equation
 Had a nigga goin' in and out your crotch
 not knowin' this little skank done been around the block
 A year later out the blue we having trust issues
 After I already fell in love with you
 Come to think of it the image does fit you
 You fucked every nigga on the thug menu
 And I'm the dumb kid who thinks he found his soul mate
 He's blinded by the light till it goes dim,
 Now his hand is right beside a knife
 A violent type of life is what society offers,
 Man, why even bother?
 Just remember
 Don't trust 'em, don't you ever ever trust a hoe
 Don't trust em don't trust 'em
 Don't you ever, ever, ever, ever, trust a hoe
 'cause ooh ooh ooh they be lyin'
 They'll slip behind in your service
 Ooh ooh ooh they be lyin'
 What have I done to deserve this?
 They'll hide their colors from ones they wanna love
 Even if you ask her, more than likely she ain't gonna tell
 Been through this too many times so take it from me, ooh take it from me
 Yo if you about to fall in love you need to think twice on it
 'cause girls are triffin', they'll start lyin' when they invite you in
 Have you feeling like the man; you think you found a keeper
 Girls have said they love you; but when she say it, the sound is sweeter
 You love is drowning deeper, now she's acting like she smoking pounds of reefer
 Confessing that whole fuckin' town done beefed her
 Then you like "I left this bitch with my heart, she ripped it apart, I should have seen this from the start"
 The shit you and her go and do it sounds nice
 But the fact remains, you don't turn a hoe into a housewife.
 That's what the fuck I did, and I regretted it, that's why I'm negative
 No medicine could get rid of this
 The next bitch who lies to me, watch me damager her
 I'm pickin' her up and body slamin' her
 And that's real, so if you think your girls a hoe but you didn't witness it,
 Assume she's a hoe, 'till proven innocent
 And just remember;
 Don't trust 'em, don't you ever ever trust a hoe
 Don't trust em don't trust 'em
 Don't you ever, ever, ever, ever, trust a hoe
 'cause ooh ooh ooh they be lyin'
 They'll slip behind in your service

Ooh ooh ooh they be lyin'™
What have I done to deserve this?
Fuck love. Don'™t hate me.
Hate these lyin'™ ass bitches for making me make you hate me
