juliet, juliet
where are you now
could there be one more time, juliet
juliet, it's hard to get
it seems so long
since you came when I called, julietstranded love
we used to be so high above
hearts without sugar
straded love
we used to be so high above
hearts without sugar
straded lovestraded lovejuliet, I regret
it took so long
when we faded away, juliet
juliet, I forget
and days go by
and soon you'll be gone, julietstranded love
we used to be so high above
hearts without sugar
straded love
we used to be so high above
hearts without sugar
straded lovestraded loveand I wake up
to the sound of dogs
and my make-up
don't care for stranded love
and I break out
I reveal myself
for a new life
and to be high on love againstranded lovestranded love
