

Under Glass

Jawbox

it's pure good fortune
divide by 5
special adoption
keep them inside
construct around them
this entertaining life
under glassline up and see it
they're all alike
god made them lucky
we raised them right
they love attention
like you and me bathe in your scrutiny
under glasswe administrate from the heart
numbers keep you safe in the dark
you're a living amusement park
so cash in from the start
