'Cause that's my dude I ain't the type to be confrontational
But check it out, I'm way to cute for this
Get your cell phone and walk it out I know you wish, you'd would have peace
I've caught your stuff left on his boxer briefs
If I was you, I'd hate me too
Now, cry a river, build a bridge and get on over it My boo, yeah
My boo, yeah

Girl, I know that ain't who you're talking to
'Cause that's my boo, oh yeah My boo, yeah

Boo, boo
Girl, you know that ain't even cool
Cause that's my boo, oh yeah I don't believe it, I don't believe it
'Cause I don't know you
I don't believe it, I don't believe it
'Cause I trust my boo I don't believe it, I don't believe it
'Cause I don't know you
I, I, I trust my boo My boo, yeah
