Spark

Backstage Cast

My eyes are open, but I cannot see
And I'm up and walking, still feels like a dream
Did the sear in silence, just shout your name
While you're holding candles without a flame
Until I rise just like "yes" we're only feeling in the darkness
(Oh, Oh, Oh)
We just need a spark
(Oh, Oh)
To light up the dark
(Oh, Oh)
I can feel you with me
I can feel you with me
We just need a spark
(Oh, Oh)
To light up the dark
(Oh, Oh)
I can feel you with me
I can feel you with me
We just need a spark
So we march like warriors
And we sing our songs
Till we can't feel nothin'
'Cuz nothing's wrong
But somethings moving inside my chest
And it sounds like a drum
We just can't make it out yet
Until I rise just like "yes" we're only feeling in the darkness
(Oh, Oh, Oh)
We just need a spark
(Oh, Oh)
To light up the dark
(Oh, Oh)
I can feel you with me
I can feel you with me
We just need a spark
(Oh, Oh)
To light up the dark
(Oh, Oh)
I can feel you with me

I can feel you with me
Can you love me, like maybe I'm the only thing you ever let you're eyes on
And if the lights begins to fade, and the pictures in the shade keep following the sound of your voice
Until I rise just like "yes" we're only feeling in the darkness
(Oh, Oh, Oh)
We just need a spark
(Oh, Oh)
To light up the dark
(Oh, Oh)
I can feel you with me
I can feel you with me
We just need a spark
(Oh, Oh)
To light up the dark
(Oh, Oh)
I can feel you with me
I can feel you with me
We just need a spark(Can you love me, like maybe I'm the only thing you ever let you're eyes on)
(Oh, Oh)
To light up the dark(And the light begins to fade, and the pictures in the shade keep following the sound of your voice)
(Oh, Oh)
I can feel you with me
I can feel you with me
We just need a spark
