Interceptor

Sumo Cyco

Don't stop believing
the tremors are shaking
the building's collapse, forge a new
Pray for another
the perfect disaster
a pledge for a purging of youSabotage a barrage am I getting through? Let's get rowdy! Camouflage, the mirage that's in front of you, Let's get rowdy!
Sabotage a barrage am I getting through? Let's get rowdy! Camouflage, the mirage that's in front of you, Let's get rowdy!INTERCEPTOR, Intercept! INTERCEPTOR, Intercept!Assassinated, all that you've created
you've floundered in your own demise,
In my perspective, an image reflected, a portrait of you in disguiseSabotage a barrage am I getting through? Let's get rowdy! Camouflage, the mirage that's in front of you, Let's get rowdy!
Sabotage a barrage am I getting through? Let's get rowdy! Camouflage, the mirage that's in front of you, Let's get rowdy!INTERCEPTOR, Intercept! INTERCEPTOR, Intercept!The higher you climb. the farther you fall!
Think you got it all? Think you got it all?The higher you climb. the harder you fall!
Think you got it all? Think you got it all?
Think you got it all? Think you got it all?
Think you got it all? Think you got it all?
Think you got it all? Think you got it all?
Think you got it all?INTERCEPTOR, INTERCEPTOR, Intercept!
INTERCEPTOR, Intercept! Intercept!
