

Pink Gun

Butt Trumpet

I'm only fifteen and I got a gun
Mommy and daddy had better run
I'm only fifteen and I got a gun
Time to go out and shoot a nun
Cold...hard...steel...pink!

CHORUS

She's a girl with a little pink gun
Locked down and loaded and she's ready for fun
She's a girl with a little pink gun
Na na nana nana nanana na
The bouncer wouldn't let me in the show
He won't laugh when he's full of holes
Blag made me give him head
He can't cum 'cause he's full of lead
Cold...hard...steel...pink!

CHORUS

Cold...hard...steel...pink!
She's a girl with a little pink gun
