

Another Ghost Rocket

Blaudzun

No lights
On the radar screen
From your heights
Trying not to be seen
With your sub machine
You shoot to kill Chase
Chase the meteor
Without luck
Of the streets we part
Of all the peace keepers
It's your kind of waltz Squeeze through the sky
You're another ghost rocket
I know who you are
Beast in disguise
You're another ghost rocket
I know who you are
I know who you are Wings
It takes no wings at all
For a bomb
Or an angel to fall
You deceived you denied
Those beautiful eyes Squeeze through the sky
You're another ghost rocket
I know who you are
Beast in disguise
You're another ghost rocket
I know who you are
I know who you are I know who you are
You're another ghost
I know who you are
You're another ghost rocket
I know who you are
You're another ghost rocket
I know who you are
