

Is This Love

Cake

I can't believe it's true, I can't believe that you
Don't want me anymore
You're with him and you don't even know That I've been dying all day long
And singing sad, sad songs
And wishing you were gone Ha, is this love?
Oh, is this love?
Is this love?
Or should I close the door? Yea, my eyes are burning in my head
And seeing only red
And wishing you were dead Is this love?
Oh, is this love?
Is this love?
Oh, no is this love? I don't thing so
Is this love?
Or should I
Or should I, should I
Should I close the door?
Should I close the door? Aah, I fooled myself
Yea, alright, okay Is this love? Tell me
Is this love? I don't thing so
(Is this love?)
Is this love?
Oh, no is this love?
Is this love?
Or should I
Or should I
Or should I, should I
Should I close the door?
