Our land

Rabia Sorda

Youve cried for so long
And your tears dont come out anymore
You know where I come from
And thats something Ill never forgetTake away the pain and the fear
Those that put you down for hundrets of years
Humiliation must never come back
cause a new generation will strike backHeads up! Dont decay!
Dont stop until our world is changed
Heads up! Aint no shame
Lets make it stop!Youve screamed for so long
Inside a storm, the winds from
Faraway brought so your voice kept strong
While they raped our land without an end
So come and show them your face
And tell them now: We wont put our heads
Down again! No one will ever buy
Or sell our fate, our pride or our lifes again!A new order awaits
A new world awaits
A place for dreams will become true
Latin America is our land
Our past is present
We will defend our roots, our rights
Our land, no matter what it takesWere looking for something
Something to believe
Insurrection
We believe in a better tomorrow
Where we all can believe
InsurrectionWake up brother - this isnt over yet!Lets write our history with our bloody hands
cause heads of state didnt hear demands
Theyve served themselves and theyve stolen
All they could, theyve bitten the hand
That fed them their way through
