

Better

Jennette McCurdy

In the corner of my room
there's a pile of things
that still belong to you
I won't get them back
but here tonight
I'll go through one by one
without a fight~chorus~
And I don't care if a cry
It should hurt
you said goodbye
and I have the right
to drag it out and make it worse
I'm gonna take my time
Till I wake up one morning
and I find,
that I feel better
And outside my window,
there's the moon
and it's saying don't get over you too soon
so I'll keep braking until I die
and I get it through my head
you weren't the one~chorus~Better
Till I look at your pictures
and run out of tears
and you're not all I'm thinking about
Till I don't turn around
hold my breath for the sound
of you saying my name out loud
ohhhh ohhhh ohhhhohh~chorus~Better
