

Theme From Turnpike

dEUS

He went to the bottom, put his soul on fire
He went to the bottom, put his soul on fire
New Jersey Turnpike riding on a wet night
New Jersey Turnpike riding on a wet night Maybe he got the rhyme
Maybe he got the eyes
Maybe he got the time
Counter clock wise Yeah
He said, he said New Jersey Turnpike riding on a wet night
New Jersey Turnpike riding on a wet night Maybe he got the song
Maybe he got the size
Maybe he got it wrong
Counter clock wise Yeah
He said, "No more loud music"
He said, "No more loud music"
He said, "No more loud music"
He said, "No more loud music"
