## **Morose Seclusion**

## **Into Eternity**

No reason no words to win no reason

Tragic lives are all the same

When you play inside the game
All alone inside your fearsThe thoughts of a season

Mith a mindless hope or view

My eyes deceive the painNo reason no words to win no reason

No reason no words to win no reasonTragic lives are all the same

When you play inside the game
All alone inside your fearsThe thoughts of a season

Mith a mindless hope or view

My eyes deceive the painThe thoughts of a season

Mith a mindless hope or view

My eyes deceive the pain
