

A Heart Like Hers

[Mac DeMarco](#)

Done, done is all the love
Love that I had saved for you
Gone, gone away my heart
Locked inside a cage for you And what's this that has become
Has become of poor old me
Try so hard to believe
In something that will never be Never believe in a heart like hers again
Never believe in a heart like hers again
Never believe in a heart like hers again
Never believe All, all that I could give
All I had to offer her
Is gone, simply locked away
No longer there to bother her Now look, look at what's become
What's become of poor old me
Try so hard to believe
In something that will never be Never believe in a heart like hers again
Never believe in a heart like hers again
Never believe in a heart like hers again
Never believe Never believe in a heart like hers again
Never believe in a heart like hers again
Never believe in a heart like hers again
Never believe
