Viva L'amour

Sabina

Asked a man for a light
and he caught fire
Bought him a ticket I was instantly hired
Bargained for a price
Everybody got fired
Drank a lot of coffee only to be tired
Thought I found a friend
but the man was for hire
I lent him a hand and led him
to the fire of desireAmour Viva l'AmourOh yes my love such is the nature of man
Just when you thought that you've
looked through them
A plain becomes a valley
and a mountain the sea
And it really was them who were
looking through meI pray I'm a liar at the end of this day
Until the wind has carried
all my lies away
Leave the answers with the beggars
and buyers
I've asked you for a kiss and
You've set my on fire with desireAmour Viva L'AmourI saw a fire burning in the night and a
Mad man fire in his eyes
I can't turn this man away
Es mi amigo
It has to stay this way okay
