Heads Up

Icona Pop

I just wanna run forever
nothings gonna slow me
I don't wanna keep you waitin'
just a heads up so you knowI've been drawing circles
in every city square
and if you ever get to catch me
I won't stay for long[Chorus]
so don't you wait on me
hey, save your love for later
this is overrated
don't pretend it's right
hey, save your love for later
this is overrated
just a heads upwe couldn't get no higher
your fingertip touched my sky
but I can see your star coming
just a heads up so you knowI'm running out of time
I'm running our of heart
I just don't wanna keep you waiting
so, time to say good-bye[Chorus]
so, don't you wait on me
hey, save your love for later
this is overrated
don't pretend it's right
hey, save your love for later
this is overrated
just a heads upthere's no need
to stick around
go change your plans
so wont you give me up and let go
I wont be, be around
just a heads up so you know[Chorus]
don't you wait on me
hey, save your love for later
this is overrated
don't pretend it's right
hey, save your love for later
this is overrated
just a heads up
