

# Tenderoni (Proxy Distort Remix)

## Chromeo

We are back again, so tell a friend  
It's Chromey, it's Chromey  
It's Chromeo  
Until the end, until the end You and I, baby, we go side by side  
Me and you, tell me what we're gonna do?  
You and I, baby, we go side by side  
Me and you, tell me what we're gonna do? No matter what I came here to do  
No matter what you came here to say  
We really ain't got nowhere to go  
'Cause you're my tenderoni  
'Cause you're my tenderoni No matter what I came here to do  
No matter what you came here to say  
We really ain't got nowhere to go  
'Cause you're my tenderoni  
'Cause you're my tenderoni You and I, baby, we go side by side  
Me and you, tell me what we're gonna do? Fo' sho', if I tell you how to do my dance  
Baby, then you'll let me get in those pants  
Fo' sho', if I tell you how to do my dance  
Baby, then you'll let me get in those pants 'Cause you're my tenderoni  
'Cause you're my tenderoni  
'Cause you're my tenderoni  
'Cause you're my tenderoni Can't fight the feeling, won't get shut down  
She let me slide enough  
Can't fight the feeling, won't get shut down  
She'll always be my tenderoni No matter what I came here to do  
No matter what you came here to say  
We really ain't got nowhere to go  
'Cause you're my tenderoni  
'Cause you're my tenderoni You and I, baby, we go side by side  
Me and you, tell me what we're gonna do
