

Persona (with Josh Haden)

Blue Man Group

Every morning I put it on, I walk outside and I am gone
And I don't seem to mind anymore, I can't think what it was like before
I wore it all the time.[Chorus]In the evening I take it off, but there's another one underneath
And I can't seem to find the bottom of the stack
I might just lose my mind and never get it back
But at least I'll get inside[Chorus]At least I'll get inside[Chorus]There's a feeling that I get sometimes, It's so
small that it's easy to hide
It's like a howling voice from the distant past
It seems I've got no choice, when I come to this
It's building up inside[Chorus]It's building up inside[Chorus]
