Sons of Earth

Steignyr

Born from the storm
wind whispers and rain
From the spirits who are
always in the way

Father fire
Mother earth
together gave us a name

So when the sun fall down
the night will be our land

She gave us the life
from the ashes of the past
She gave us the light
from the shadows of the sky

Mother earth shows me the way [Shows me the way]
for wisdom
We are now the sons of earth [The sons of earth]
forever

As in the sky
when the stars are going down
we are doing the same
with our loved mother earth

Father fire
Mother earth
we still are sons of earth

we're going down she's dying [into darkness]
for our pride
inside the dark [inside the war]
of our broken souls [our broken souls]

The dark in your hearts
goes in the way
to the river of death
It's time to start

the new age of light
