

The Last Time

Robyn

Always seem to come back into my life
When I thought I've forgotten you, you always show up
It's drivin' me crazy, it's got me going wild
And I don't know if this is ever gonna stop You always seem to come back into my world
And this time I hope we're staying on track
'Cause I don't wanna be anybody else's girl
I hope this is the last time you'll ever come back Ever since I was a little girl even younger than I am now
I always felt good about you in a special way, I don't know how
We always seem to find our way as back
To the love that we are sharing
And every time we say it's over I can't forget your sweet loving After every time we break up
Things always turn out the same
I tell myself that I have shaped up
But I am still a part of this game You always seem to come back into my life
When I thought I've forgotten you, you always show up
It's drivin' me crazy, it's got me going wild
And I don't know if this is ever gonna stop You always seem to come back into my world
And this time I hope we're staying on track
'Cause I don't wanna be anybody else's girl
I hope this is the last time you'll ever come back I want you back 'cause you're a good man
The kinda' man who loves you all through the night
And though it never turns up like I planned
Somehow it feels so right So this time, boy don't run away
'Cause you'll always have a place in my heart
And I swear I'm gonna love you till the day
Till the day that death do us part You always seem to come back into my life
When I thought I've forgotten you, you always show up
It's drivin' me crazy, it's got me going wild
And I don't know if this is ever gonna stop You always seem to come back into my world
And this time I hope we're staying on track
'Cause I don't wanna be anybody else's girl
I hope this is the last time you'll ever come back I don't have the strength to be proud anymore
I want it all to be just like before
I guess what I'm really tryin' to say
Is that I want you to come back, come back to stay I love you
('Cause I really love you)
Want to
(I just want to get)
Get closer

(Get much closer)
Than ever
(More than ever)
'Cause I, love you Yes I, I do, yes I do, I do love you baby and I'm telling you now
It's when I'm down you bring me up
And when I'm up you bring me down
So what am I supposed to do
When all I want is to get back with you baby You always seem to come back into my life
When I thought I've forgotten you, you always show up
It's drivin' me crazy, it's got me going wild
And I don't know if this is ever gonna stop You always seem to come back into my world
And this time I hope we're staying on track
'Cause I don't wanna be anybody else's girl
I hope this is the last time you'll ever come back
