# Nobody Has To Know (Feat. Gilbere Forte)

## Nylo

Getting tired of waiting for love
Fuck what I need, give me what I want
I won't feel no guilt, I'm not embarrassed
Just tell me I'm sweet and we'll get it over with, yeahHe said I won't be your first, so just let go, oh, babe
I won't be your last, it's ok, nobody has to knowNobody has to know
Nobody has to know
So just let go, babe
Nobody has to knowWhy you complicate it so much?
Don't fuck with me like you've giving up
We're not meant to be, don't you cry for me
I'm stronger than you think, this is just a simple thingHe said I won't be your first, so just let go, oh, babe
I won't be your last, it's ok, nobody has to knowNobody has to know
Nobody has to know
So just let go, babe
Nobody has to know
You gave me every reason for me to believe
That if we kiss and tell won't none of us breathe
Whichever kiss and tells won't none of us need
A reason for why we fuck when we hardly speak
I left my feelings and conversations we texted
'Cause everything you say to me pulls me in your direction
What I wanna do with you respectfully I'll protect it
Nobody has to know, baby, these are my confessions
I wanna share the air with you, wanna party ahead with you
You don't have to call to remind me not to care for you
It's no love lost, but I partially have a crush on you
This is an addiction, I could prescribe lust for you
Imagine in POV your body soaked and I'm accustomed to
Minus your friends judging you, secrets only a plus for you
With all these other women putting trust in you, no fear of contraception
I'm just tryina be the best for you
